

Val Controls expands globally

We are pleased to share two key updates from Val Controls.

We have strengthened our presence in the Italian market by welcoming Matteo Sala as our new Sales Manager for Italy. Based in Italy, Matteo will drive growth and support our customers in the Italian market.

We also welcome Charlly Hansen, who joins us as Sales Manager for North and South America, strengthening our commercial presence across both regions.

Please feel free to reach out to Matteo or Charlly directly.

IDC24-CF SIL approved

We are pleased to announce that Val Controls IDC24-CF has been certified by TÜV according to IEC 61508, for partial stroke testing of valves:

"The device is independent, do not adversely affect the execution of the safety function and do not contribute to the PFD_AVG, when connected according to the instructions for use."

-TÜV AUSTRIA ITALIA S.p.A.
